WILD WEST EPISODE. TOWN IS HELD UP.

Lone Bandit Takes Census.

Officers, Cowboys and Miners Are Held at Bay in Night Raid.

Four Shot in Pursuit of the Mexican Who Entered Saloon.

Residents Engage in Man-Hunt, but Fail to Get on Track.

[BY DIRECT WIRE TO THE TIMES.]

RENO, Nov. 22.—[Exclusive Dispatch.] Detected as he was holding up the Court saloon in Battle Mountain late last night, a Mexican broke through the door and running into Night Policeman W. F. Coon, shot the officer in the jaw, then held up the gathering crowd as it collected at the scene. Cowboys and miners, who were assembled in resorts on Main street, called for assistance and rushing the robber, were repulsed by his fire. Deputy Sheriff Jack Tinsworth was hit in the groin, and two others, whose names have not been learned, were slightly injured.

The Mexican backed down the street forcing everybody in sight to follow him. When he drew away from the saloons, he ducked into the darkness. A suspect, seen by Deputy Sheriff Hays, was caught when boarding a freight train early this morning. The deputy sheriff called to the man to halt, but getting no reply, shot the fellow in the leg. The town, aroused by the outrage, started on a man hunt, and farmers hearing the shouting came into town with their lanterns. They carried their lights about with them seeking the robber, and eventually shot at each other when they thought they had "flushed" the dare-devil Mexican.

In the evening, when a Mexican was bound without resistance and placed in jail. The hold-up of the Court saloon, owned by L. E. Kendrick and practically every man downtown who was later followed three or four miles. The police here were told that three had been killed by the fusillade, but telegrams from Battle Mountain deny that any one died.

PROSPECTOR STRIKES CANADA.

President of Montreal Stock Exchange Says That's Election Has Helped Across Line.

[BY DIRECT WIRE TO THE TIMES.]

OTTAWA (Ontario) Nov. 22.—[Exclusive Dispatch.] The president of the Montreal Stock Exchange, Rudolph Forget, M.P., states that the trade and financial conditions of the Dominion are now more favorable than at any previous time since 1902. There is a broadening tendency visible all around, and the indications are that there will be a good market for some months to come. All the banks are in a state of affairs better by a great deal than at any time since the panic, which Canada is generally on the side of the line. The industrial situation has greatly improved in almost all lines in Canada.

In some cases the increase has been 25 per cent. upward over the previous month.

TRIBESMEN PUNISHED.

LISBON, Nov. 22.—Advices received here from the Governor of Portuguese Guinea state that a punitive expedition has inflicted a severe blow on the marauding tribesmen, killing thirty-eight of them.

QUICK-WITTED.

CAPTAIN SAVES LIVES WHEN VESSELS CRASH.

[ASSOCIATED PRESS NIGHT REPORT.]

NEW YORK, Nov. 22.—The lives of more than 500 persons were imperiled today when the fruit steamer Admiral Dewey, inward bound from Jamaica, crashed into the steamer Mount Desert outward bound from Bayridge for the fishing banks. The two vessels came suddenly out of the fog bank, struck the Mount Desert almost amidships, opening a gash in the fishing vessel that extended from the upper deck to the water's edge.

Panic immediately followed. The collision and it was due to the prompt action of Capt. Davidson of the Admiral Dewey that a catastrophe was averted for the passengers. The fishing steamer began piling over the guard rails of that vessel and leaped for the deck of the Admiral Dewey. Had he backed his steamer away from the wreckage, the lives of the passengers would have fallen into the water.

Instead he kept the vessel moving slowly ahead and this held the prow into the net that had been made and afforded a boarding place for the frightened passengers of the Mount

BATTLE IN THE BALKANS.

Band of Servians, Repulsed by Austrians, Losses Seventeen Men.

[ASSOCIATED PRESS NIGHT REPORT.]

PARIS, Nov. 22.—A dispatch from Vienna says that a band of Servians, while crossing the Bosnian frontier near Severnik, was repulsed by Austrian troops. The Servians lost seventeen men killed and the Austrians three killed.

CITY IMPATIENT.

MANILA WANTS JACK ASHORE.

ORDER OF ADMIRAL SPERRY HAS RAISED A HOWL.

Government Commissioner Reports That Plague Epidemic Has Been Over Three Weeks and Landing of Sailors Is Safe—One Case of Cholera in Past Four Days.

[ASSOCIATED PRESS NIGHT REPORT.]

MANILA, Nov. 22.—The question of allowing the men from the Atlantic battleship fleet to come ashore on account of the cholera situation in Manila is still under discussion. There has been an exchange of cablegrams between Gov.-Gen. Smith and Secretary of War Wright on the subject, but no orders have yet been received from Washington.

The decision of the Washington authorities, it is believed, largely hinges on the special report made to the Secretary of War by Commissioner Dean C. Worcester, giving a history of the cholera in the Philippines, discussing and criticizing the methods of fighting the plague. The report is said to include strong criticisms of the municipal officials of Manila for failing to clean up and drain certain portions of the city and outlying districts.

In response to the request of the Secretary of War for a report upon the present conditions in Manila, Commissioner Worcester declared that the epidemic was over more than three weeks ago and that there is no danger whatever now in permitting the men of the fleet to land.

Gov.-Gen. Smith has written to Rear-Admiral Sperry proposing that a part of the programme originally planned by the city for the entertaining of the fleet be now carried out.

There has been but one case of cholera and the two suspects in Manila during the past four days.

LADY BOUNTIFUL DYING.

Mrs. A. A. Gates, Mother of John W. Seriously Ill at His Home in Texas.

[BY DIRECT WIRE TO THE TIMES.]

BEAUMONT (Tex.) Nov. 22.—Mrs. A. A. Gates of St. Charles, Ill., who is visiting her son, John W. Gates, at his Port Arthur, Tex., home, is seriously ill, suffering from acute diabetes. A long distance telephone message late tonight says that she will probably not survive. Mrs. Gates is known as Lady Bountiful, and possesses the generous and charitable characteristics of her son, John. Recently she gave \$25,000 to the First Methodist Church of St. Charles, Ill., her present home, where she moved from Gates Mills, N. Y., sixty years ago. Mrs. Gates is 65 years of age and has been at Port Arthur several weeks. Her husband died two years ago.

ENJOINS BELL TELEPHONES.

Ohio Court Grants Injunction Restraining Company from Interference.

[ASSOCIATED PRESS NIGHT REPORT.]

CLEVELAND (O.) Nov. 22.—United States Judge Taylor yesterday granted an injunction against the Bell Telephone and Telegraph (Bell Long Distance System) and the Central Union Telephone Company (Bell Company) operating in Ohio, Indiana and Illinois, restraining them from interfering with the independent companies operating in those and adjoining States.

SCIENTIFIC STEP.

SOLVING SURE SECRET OF SEX.

HARVARD PROFESSOR SAYS LAWS ARE FIXED.

Scientist, Whose Theories Have Been Flouted, Breeds Two Societies of Guinea Pigs and Says He Can Predetermine Types—Controls Reproduction.

[BY DIRECT WIRE TO THE TIMES.]

POSTON (Mass.) Nov. 22.—[Exclusive Dispatch.] Fighting to vindicate his recent assertions that he has discovered a mathematical and precise rule governing reproduction and sex determination of higher animals, Prof. William E. Castle of Harvard University, through his recent experiments in breeding two specimens of an absolutely unheard of variety of guinea pigs, has aroused the interest of naturalists and scientists throughout the world.

The breeding of two new animals, according to tests of Mendel's laws, is looked upon as especially wonderful from the fact that the two hybrid guinea pigs are of exactly the character Prof. Castle predicted they would be last year, when his theory was flouted by the National Breeders' Association.

His demonstration that fixed rules can be applied to reproduction of animals of certain character and that, with a given pair of animals, the color, length of hair and sex can be mathematically and precisely determined, has thrown a totally new and undreamed of light upon possibilities of animal breeding.

Prof. Castle's experiments, while as yet performed only with guinea pigs and rodents as subjects, is looked upon as the farthest step yet taken in definitely solving the world old secret of sex.

PRIZE FOR FLYING.

PARIS, Nov. 22.—The Auto-Aéro Committee of the Aero Club of France has decided to offer a grand prize for aviation. It will be competed for in 1909 and its value will be about \$40,000.

CELESTIAL PILGRIMAGE OF GRATITUDE TO AMERICA.

Yung Kwai and His American Wife, Who Accompany Party. Below, Army Officers who Welcomed them.

Imperial Delegation from China, arriving in San Francisco with gifts for President and thanks to nation for rendering indemnity. Tang Shao Yi, Commissioner, in center. In upper corners, Yung Kwai and his American wife, who accompany party. Below, army officers who welcomed them.

TARIFF FOR REVENUE.

ENOUGH PROTECTION SAYS MR. CARNEGIE.

Steel King Believes Infant Industries Are Now Mature and Need for Assistance No Longer Exists—Advises Maintaining Present Rates.

[ASSOCIATED PRESS NIGHT REPORT.]

NEW YORK, Nov. 22.—A notable article from Andrew Carnegie, dealing with the tariff, will appear in the forthcoming December number of the Century Magazine. The iron master takes the position that "infant industries" no longer need protection; that the steel and other industries have now grown beyond the need of tariff protection; that duties on luxuries used by the rich should be maintained, but that those on manufactured articles should be reduced greatly or abolished entirely when no longer needed.

Mr. Carnegie's article is entitled "My Experiences With and Views on the Tariff."

He first reviews the tariff movements down to the present Dingley law, giving a number of anecdotes in which he figured with the leaders of the various parties. He adds:

"Much water has run under the bridges since then. Many changes have occurred, and hence many changes can be judiciously made in the tariff. There is no doubt about this, but, on the other hand, I have been led to the conclusion that conditions have changed so greatly in the interval that the tariff should now be viewed from a new standpoint."

The writer assumes that a decided majority of voters are agreed: First—that it is advisable for new countries to encourage capital and protective duties, when seen to be necessary to develop new industries.

Second—that after full and exhaustive trials, if success be not forthcoming, such protection should cease except as noted hereunder.

Third—that should the experiment succeed as a measure of protection, it should be steadily, but gradually, abolished, provided that the home supply of any article absolutely necessary for the national safety shall not thereby be endangered.

INDUSTRIES MATURE.

Further, Mr. Carnegie says: "We have already become by far the greatest of all manufacturing nations. Our infant industries of the past have reached maturity and, speaking generally, are now quite able to protect themselves. The pulling infant in the nurse's arms, that the Congress in 1817 nursed so tenderly will appear next year before its guardian as the stalwart champion who has conquered in many fields, thus proving himself worthy of the protection bestowed upon him in his youth and fully vindicating to the satisfaction of the people the protective policy pursued."

"While the tariff as a whole, even today, has seemed to be primarily beneficial as a measure of protection, it has become of vast importance from the standpoint of revenue and it is to this feature I bespeak the special attention of readers of all parties, for duties upon imports, not for protection, but for needed revenue should not be given up as a party question. Reasonable men of all parties may be expected to approve this plan of obtaining revenue."

After giving tables showing that the bulk of tariff duties are collected on luxuries used by the rich, Mr. Carnegie says:

"Thus does the American tariff, in happy contrast to others, also exempt the poor and heavily tax the rich, just as it should, for it is they who have the ability to pay as required by the highest economic authority."

Mr. Carnegie says of future tariff legislation: "The next Congress dealing with the tariff will probably be inclined at first to reduce duties all around and perhaps to abolish some, but its first care should be to maintain present duties upon all articles as used exclusively by the rich and this, not for protection but for revenue not drawn from the workers, but from the rich. That is the first and prime duty of Congress. We should not forget that government expenditures have increased enormously in recent years and that additional revenue is required. A second duty is to reduce duties principally on manufactured articles and to abolish entirely those no longer needed."

"The writer has cooperated in making several reductions in steel manufacturers' duties, but he has been unable to do so. Today they need no protection unless perhaps in some new specialties unknown to the writer, because steel is now produced cheaper here than anywhere else, notwithstanding these higher wages paid per man. Not a ton of steel is produced in the world at as small an outlay for labor as in our country. Our coke, coal and iron ores are much cheaper, because more easily obtained and transported and our output per man is much greater, owing chiefly to the large standardized orders obtainable in our country. The special machinery used in rolling mills, machinery kept weeks upon uniform shapes without change of rolls, and several other advantages."

HOME OF STEEL.

"The day has passed when any foreign country can seriously affect our steel manufacturing, tariffed or not. The Republic has become the home of steel, and this is the age of steel. It may probably be found that there exists the small manufacturer of some specialty in steel who still needs a measure of protection. The writer hopes if such there be, the committee will give patient attention to such cases. It is better to err on the side of giving these too much, rather than too little support."

"Every enterprise of this kind should be fostered. The writer speaks only of the ordinary articles and forms of steel as being able to stand without protection. He hopes there are today pioneers in several new lines requiring protection which will be generously given temporarily. The people should welcome such special cases."

Mr. Carnegie says that several other features of the tariff should be carefully looked into, particularly illuminating oils, thread and cutlery. Further on Mr. Carnegie says:

"The infant we have nursed approaches the day when he should be weaned from tariff milk and fed upon the strong food of free competition. It needs little if any more nursing, but the change should not be made abruptly. It is better to err upon the safe side if we err at all. But he is the best of protectionists who corrects all faults as they are revealed and positively declines to subject the nation to protection in any branch where it is not clearly needed, affording protection always with the proviso that it shall be temporary."

NO NEED FOR HASTE.

"There is no occasion for haste or for any revolutionary step in coming tariff legislation. It is better to go a little too slow than a little too fast. In the writer's opinion, the revision of the tariff could today safely and advantageously be made a radical one."

(Continued on Fourth Page.)

CHINESE THANKS.

High Commissioner Arrives.

Tang Shao Yi Comes Bearing Message of Nation's Gratitude.

Learns of Death of Empress as He Enters the Golden Gate.

Is Greeted by Dignitaries of Uncle Sam's Army and Navy.

[ASSOCIATED PRESS NIGHT REPORT.]

SAN FRANCISCO, Nov. 22.—Coming to this American government the gratitude of the Chinese people for the remittance of a debt amounting to nearly \$14,000,000, Tang Shao Yi, a powerful figure in the affairs of the Chinese empire, arrived in San Francisco today on the steamer Mongolia.

Thrice in the history of the oldest nation in the world has there arisen occasion for the appointment of such a commission as is domiciled tonight in the Fairmont Hotel, and never has a foreign power been so strongly represented through diplomatic channels during the period of a crisis of world-wide import.

In honor of the embassy the dragon flag flew today from the mastsheads of a score of vessels in the bay, guns mounted on the harbor front boomed out a salute, and thousands of his countrymen, silk robed or silk habited, thronged the dock where his escort landed.

HEARD SAD NEWS.

Not until the Mongolia dropped anchor in the harbor did Tang Shao Yi and his staff learn that the Dowager Empress of China was dead.

In Honolulu the cable brought news of the Empress's death, but said nothing of the dangerous illness that threatened the end of the Dowager's remarkable career. It was only when Hsu Ping Chen, the consul-general at San Francisco, boarded the steamer with a score of cablegrams from the Far East, that the distinguished visitor was acquainted with the full extent of the calamity that occurred since his departure.

Even the habitual Oriental reserve did not suffice to conceal his perturbation, and while dignitaries of the State and government awaited his attention, he scanned message after message apparently unconscious of their presence.

In accordance with the edict of mourning, his entire family will remain practically secluded during his stay of three days in this city and the local Chinese colonies arrangement for costly banquets and other forms of entertainment have been suspended. In all other respects, however, the mission of the special embassy will be fulfilled and Tang Shao Yi, with the fifty members of his retinue, will go directly to Washington, where he will remain until after the inauguration of President-elect William H. Taft.

Accompanying the Ambassador is Prince Tsai Fu, a youth of 14, a member of the royal family, a cousin of the late Emperor and himself the highest representative of his race who has ever set foot on foreign soil. While he bears the title of first secretary to the embassy, his position is merely honorary, and his journey abroad, apart from its educational purposes, is intended as an additional recognition of the obligation conveyed in America's remittance of so large a sum awarded for damages sustained during the Boxer outbreak.

OTHER DIGNITARIES.

Among the other secretaries and attachés, who are not distinguished by graduated rank, are Yung Kwai, for ten years past connected with the Chinese Legation at Washington; Chung Mun Yew, who has been mentioned as the possible successor to a post high in the diplomatic service and Hsu Shih Tang, the military attaché.

As advance guard of a delegation of students, who are to be educated in America at the expense of the Chinese government, came seventeen young men, members, for the most part, of patrician families, who will be entered at the University of New York, and at the University of Washington.

Once only during the day, did the self-possession of Tang Shao Yi give way. This was several hours after his arrival, when he sat, clothed in a magnificent robe of blue, in one of the twenty-two apartments in the Fairmont, set aside for his suite. He had guardedly spoken of the situation in China and returned non-committal answers to a score of questions relating to the probable results of his visit to Washington. Finally he was asked to define exactly the meaning of his unusual position and his princely retinue. In reply he said:

GRATITUDE SINCERE.

"Believe us, we have no purpose other than to show the depth of the heartfelt gratitude that the government of China entertains toward the United States for this fresh demonstration of good will."

At another point, while discussing the developments likely to ensue on account of the regency and the attitude of the United States, he remarked: "If there are matters of such grave import to be decided, I shall doubtless participate in the deliberations. You must understand that during my stay in this country I outrank the Chinese Minister, and some matters

LIVE ON STAR  
IN HEREFTER.So Says Former Secretary of  
the Navy.Ex-Senator Expounds a New  
Religious Cult.Believes Firmly in Physical  
Resurrection.

(BY DIRECT WIRE TO THE TIMES.)

BOSTON (Mass.) Nov. 22.—[Exclusive Dispatch.] William E. Chandler, former Secretary of the Navy, has come into the limelight again as an advocate of a new religious doctrine. He believes that after we lay down our physical beings upon this earth, but souls will go to some of the stars, there to be reinvigorated with physical bodies, and to have the same kind of existence as here, only to greater perfection. Chandler talked with a reporter at his summer home, Waterville, N. H., before his departure for Washington, where he will spend the winter. "My faith in the future life," he said, "is strong and ever present with me. It is my only faith. We have no knowledge of it, and it is intended that we shall have no knowledge of it. We do not live as disembodied spirits; we go to one of the stars, where we inhabit new physical bodies which embrace our present souls.

"We will see and hear and have the senses of taste, smell and touch, and perhaps other new and more joyous senses. Admitting the future existence of the soul, what more logical thought can we have than our souls go to some other part of the universe to take up their abode there."

LABOR  
UNIONISTS ARE  
TO MEET AGAIN.TWO CONVENTIONS SCHEDULED  
IN DENVER TODAY.

Railway Employees Will Make Permanent Their Temporary Organization and Building Trades Will Convene Separately—Much Bickering Is Going On.

(ASSOCIATED PRESS NIGHT REPORT.)

DENVER (Colo.) Nov. 22.—Tomorrow in this city there will convene two national labor bodies, adjuncts to the American Federation of Labor, which yesterday closed their annual convention here.

The need for additional dry docks is all of the principal yards. All of the principal yards, including the navy yards, should have sufficient capacity to dock vessels likely to be built in the near future.

MANY MILLIONS.HE MAKES PLEA FOR HIGHER  
STANDARD.

Believes Extensive Improvements  
Should Be Made in Navy Yards at  
Home and in Insular Stations and  
Naval Eleven Millions as Sum  
Congress Should Approve.

(ASSOCIATED PRESS NIGHT REPORT.)

WASHINGTON, Nov. 22.—[Exclusive Dispatch.] Admiral R. C. Hooley, chief of the Bureau of Yards and Docks of the United States Navy, makes a strong plea for more extensive improvements at insular stations and for a higher standard in the maintenance of home navy yards.

In his annual report to the Secretary of the Navy he gives estimates for the coming session. They are as follows:

Public works, including repairs and preservation, \$2,817,730; maintenance of yards and docks, \$1,400,000; contingencies, \$200,000; total, \$4,417,730.

The need for additional dry docks is all of the principal yards. All of the principal yards, including the navy yards, should have sufficient capacity to dock vessels likely to be built in the near future.

BUYING STEEL  
RAILS ABROAD.Louisville and Nashville  
Saves Money.Order Goes to England and  
Belgium.Pay Duty and Beat Trust  
Price.

(BY DIRECT WIRE TO THE TIMES.)

LOUISVILLE (Ky.) Nov. 22.—[Exclusive Dispatch.] Louisville and Nashville Railroad, will, it is authoritatively stated tonight, close a contract with Belgium and England rolling mills for approximately 200,000 tons of steel rails to be delivered at Pensacola, Fla., in the course of the next three years. This action is due to the unavailability of the steel trust to meet the prices at which the rails can be purchased across the water duty-paid and landed at the Louisville and Nashville docks at Pensacola.

Three years ago the Louisville and Nashville purchased 20,000 tons of steel rails in Belgium and England, shipped them to Pensacola, paid the tariff and there showed a neat margin of profit over the price asked by the steel trust. Figures are in possession of the Louisville and Nashville officials from Belgium and England in which mills with the added duty, is less than the price of the steel trust for the same quantity.

Little hope of the steel trust's meeting or cutting the figures is entertained by the officials of the Louisville and Nashville, and it is practically a settled fact that they will be bought outside the country. The exact saving of the Louisville and Nashville is said to be the freight charges on the hauling of the rails.

ALTON DECISION SOON.  
Supreme Court Now Has Case Under  
Consideration and Verdict Is  
Expected Shortly.

(BY DIRECT WIRE TO THE TIMES.)

CHICAGO, Nov. 22.—[Exclusive Dispatch.] It is expected that the Supreme Court of the United States will render its decision in the Alton rebate case in which the road and its former officers, J. N. Paltrow and F. A. Wann, were convicted and fined for having paid rebates to the packing firm of the Evansville and Chicago, in the form of an allowance for the use of its tracks leading into its plant at Omaha.

The conviction was affirmed by the Supreme Court, but Attorney E. M. Walsh succeeded in getting a rehearing on a petition in certain cases.

The rehearing was granted, and the case was set for argument on Nov. 24. The case is expected to be decided by the Supreme Court in a matter of days.

The rehearing was granted, and the case was set for argument on Nov. 24. The case is expected to be decided by the Supreme Court in a matter of days.

## CHINESE THANKS.

(Continued from First Page.)

will probably be referred to me for consideration.

With these declarations, Tang Shao Yi completed the sum of his public utterances during the past few days.

"The news of our Emperor's death reached us upon our arrival at Honolulu and overweighed us with sorrow. We hoped at first that these press dispatches might not be true. But a cable message from Peking soon confirmed our worst fears. The loss of our Emperor is a national calamity. The son of Prince Chun, brother to the late Emperor, has succeeded to the throne, with Prince Chun himself as regent.

BRINGS NATION'S THANKS.  
"The object of my present mission is to convey to the government and people of the United States the grateful thanks of the Chinese government and people for remitting a portion of the Boxer indemnity. The generous action on the part of the United States in this matter has evoked an appreciative response from the Chinese government and people.

"While I am in the United States, I shall take the opportunity to visit different parts of the country, and to meet my friends and acquaintances. I spent the days of my boyhood in New England, and have many friends here. I shall be glad to return to China in 1931. In the meanwhile, the United States has shown a deep interest in the Chinese people and their progress. I am sure that the United States will continue to show this interest in the future.

PEKING IS STILL  
CLOSELY GUARDED.  
(ASSOCIATED PRESS NIGHT REPORT.)

PEKING, Nov. 22.—While all is quiet in Peking, the Chinese government is taking precautionary measures for the safety of the city. The gates and guardhouses are on duty at the approaches to the foreign legations.

The government has not ceased to take precautionary measures for the safety of the city. The gates and guardhouses are on duty at the approaches to the foreign legations.

LIVE ON STAR  
IN HEREAFTER.So Says Former Secretary of  
the Navy.Ex-Senator Expounds a New  
Religious Cult.Believes Firmly in Physical  
Resurrection.

(BY DIRECT WIRE TO THE TIMES.)

BOSTON (Mass.) Nov. 22.—(Exclusive Dispatch.) William C. Chandler, former Secretary of the Navy, has come into the limelight again as an advocate of a new religious doctrine. He believes that after we lay down our physical beings upon this earth our souls will go to some of the stars, there to be reinvested with physical bodies, and to have the same kind of existence as here, only to greater perfection. Chandler talked with a reporter at his summer home, Waterville, N. H., before his departure for Washington, where he will spend the winter.

"My faith in the future life," he said, "is strong and ever present with me. It is my only life. We have no knowledge of it, and it is intended that we shall have no knowledge of it. We do not live as disembodied spirits; we go to one of the stars, where we inhabit new physical bodies which embrace our present souls."

"We will see and hear and have the senses of taste, smell and touch, and perhaps other new and more joyous senses. Admitting the future existence of the soul, what more logical thought can we have than our souls go to some other part of the universe to take up their abode there."

**LABOR.**  
**UNIONISTS ARE TO MEET AGAIN.**

TWO CONVENTIONS SCHEDULED  
IN DENVER TODAY.

Railway Employees Will Make Permanent Their Temporary Organization and Building Trades Will Convene Separately—Much Bickering Is Going On.

(ASSOCIATED PRESS NIGHT REPORT.)

DENVER (Colo.) Nov. 22.—Tomorrow in this city there will convene two national labor bodies, adjuncts to the American Federation of Labor, which yesterday closed its annual convention here. These two organizations represent over 1,000,000 men of the building and other trades.

The building trades department will represent about 600,000 men, and the first session will be called to order by President James Kirby of Chicago, a leader in the United Brotherhood of Carpenters and Joiners.

H. B. Perham, president of the Order of Railway Telegraphers, will call the railway employees together, and P. J. Flannery of Chicago, president of the International Freight Handlers will be the secretary.

The building trades department of the federation has been in existence about a year, but the bickering over the railway employees is a venture that has for its purpose the organization of every shop and track employee connected with the railroads in the country.

The leaders hope to secure the cooperation eventually of the plumbers, conductors, engineers and firemen, and thus make the railway employees' organization the most powerful of its kind in the world.

The building trades department will have eighteen powerful international unions represented at its session and will be in session eight days. W. J. Spencer is the secretary.

Gossip among the leaders tonight is that Frank Ryan of the Bridge and Structural Iron Workers is after the presidency, and also that Kirby would like to succeed himself. William Costello of the steamfitters wants to be secretary and Secretary Spencer, it is said, would accept reelection. Ryan and Kirby both live in Chicago.

For the railway employees' presidency it is believed that H. B. Perham of the telegraphers, will be chosen, and P. J. Flannery named as secretary, making permanent the temporary organization.

**BRYAN NO NIMROD.**

"Pardner One" Belies at Prospect of Hunting a Jaguar in His Lair.

(BY DIRECT WIRE TO THE TIMES.)

MONTREY (Mex.) Nov. 22.—(Exclusive Dispatch.) William J. Bryan has baited on the reputation of going on a jaguar hunt in the mountains southeast of Monterey. The tentative plans which had been made for this character of entertainment for him have been abandoned and he will continue his sport to duck shooting while in Mexico.

SEES MOUSE;  
WOMAN DIES.

Fright at Sight of Wee Animal Brings Attack of Heart Disease.

(BY DIRECT WIRE TO THE TIMES.)

FLORENCE (N. J.) Nov. 22.—(Exclusive Dispatch.) Miss Mary Imbela Mead died this evening from fright at the sight of a mouse. As Miss Mead led the piano to go into the kitchen the pet cat brought in a mouse. Miss Mead shrieked:

"Don't bring that mouse in here, Tabby!"

Very much frightened, she leaned over to draw her skirts closer about her when suddenly she straightened and complained to her mother of a pain in her heart. In less than a minute she was dead.

The attending physician stated she had succumbed to valvular heart trouble, death being hastened by fright.

BUYING STEEL  
RAILS ABROAD.Louisville and Nashville  
Saves Money.Order Goes to England and  
Belgium.Pay Duty and Beat Trust  
Price.

(BY DIRECT WIRE TO THE TIMES.)

LOUISVILLE (Ky.) Nov. 22.—(Exclusive Dispatch.) Within the next two weeks the Louisville and Nashville Railroad, which is authorized to build a new line from Louisville to Nashville, will be authorized to build a new line from Louisville to Nashville. This action is due to the unwillingness of the steel trust to meet the prices at which the rails can be purchased across the water duty and landed at the Louisville and Nashville docks at Pensacola.

Three years ago the Louisville and Nashville purchased 28,000 tons of steel rails in Belgium and England, shipped them to Pensacola, paid the tariff and then showed a neat margin of profit over the price asked by the steel trust.

Figures are in process of being worked out by the Louisville and Nashville officials from Belgium and English rolling mills which will show the added duty, below the estimate of the steel trust for the country, which I have dearly cherished all these years, will be greatly enhanced by the new tariff.

"It is my intention to remain in Washington until next spring, and I have in view an extensive tour of Europe to look into the financial systems and methods of different countries, and to see whether I shall be able to carry out my original plan. In this country I hope to be able to gather valuable information on this subject."

There was widespread disappointment that the Chinese minister, who was to have been the guest of the Louisville and Nashville officials, had been unable to come. The minister had been unable to come because of the outbreak of the influenza epidemic in his country.

## CHINESE THANKS.

(Continued from First Page.)

will probably be referred to me for consideration. With these declarations, and this formal statement, Tang Shao Yi completed the sum of his public utterances during the day.

The news of our emperor's death reached us upon our arrival at Honolulu and overwhelmed us with sorrow. We hoped at first that the press dispatch might be true, but a cable message from Peking soon confirmed our worst fears. The loss of our universally beloved and respected sovereign is nothing short of a national calamity. The late Emperor, who was brother to the late Emperor, has succeeded to the throne, with Prince Chun himself as regent.

**BRINGS NATION'S THANKS.**  
The object of my present mission is to convey to the government and people of the United States the grateful thanks of the government and people of China for remitting a portion of the indemnity. The remission is on the part of the United States in this matter has evoked an appreciative response throughout my country.

"While I am in the United States, I shall take the opportunity to visit different parts of the country especially to see the acquisition of the new friends and places. I spent the days of my boyhood in New England, and have not visited this country again since my return to China. In the meantime, the United States has grown immensely in wealth, prosperity and power. I am sure that the changes have taken place in China. I have no doubt that the pleasant memories of my boyhood in New England, and the acquisition of the new friends and places, will be a great help to me in my present visit."

"It is my intention to remain in Washington until next spring, and I have in view an extensive tour of Europe to look into the financial systems and methods of different countries, and to see whether I shall be able to carry out my original plan. In this country I hope to be able to gather valuable information on this subject."

While Tang Shao Yi for a time was an ardent progressive, he is not identified with those whose motto is "China for the Chinese." But those who know him best assert that this is a friendly diplomat with him, that he firmly believes in progress and occidental civilization, but he realizes that he must bring it about only by degrees.

His visit to this country means that the mere presentation of a letter of introduction to the President is thoroughly understood, and it is conceded that he is in the Imperial government is better fitted, not only to master the intricacies of the American financial system but to adopt it.

At present, Tang Shao Yi is director general of railways of the Chinese empire, and a member of the Grand Council which governs the nation.

ARCH MUST  
FORCE LAW.

Advises Bureau to  
Save Cities.

Concededly Politicians  
Increase Crime.

Is Assimilation of  
Foreign Born.

Charles Edward Locke, to  
which crowded the First  
National Church last evening  
a sermon on "How to  
Make a Beautiful and Prosperous  
City."

"Walk about Zion, and  
survey her, tell the towers  
thereof, say, 'How beautiful  
are thy palaces, that thou mayest  
tell of them to the generations  
following.'—Psalm  
137.

Dr. Locke said, in part:  
"We are a city of a mark of  
assimilation. If we love our city  
we are proud of it." For the  
city of Los Angeles in September, 4, 1781,  
a small company of colonists  
from Mexico, and founded  
the settlement for the purpose  
of providing for the soldiers  
of the Spanish army.

"The 200 places where liquor is  
licensed to be sold, there are 140  
blind pigs, where liquor is sold  
against the laws of the city. This  
defiant, outrageous  
against the morals of the city  
should not be tolerated."

"In the meantime, let each do  
in his power to look up and lift  
up a hand. Booker Washington  
says that when he first arrived  
in Boston, he was weary and  
friendless and hungry, and also  
burdened with a heavy  
responsibility. He was passing  
along the street, when suddenly  
he felt some one at his side, and  
a large, firm hand was placed  
on his shoulder. He looked up  
and saw a man of color, who  
was the pastor of the church  
where he was to work. The man  
was Edward Everett Hale, Prince  
of men of God! Through of people  
do not relieve us of responsibility  
and service to the individuals that  
compose the multitude. A Christian's  
concern for humanity is not ended  
because he lives in a city; but by  
as much as in the city life all  
problems become more serious,  
and all evils more brazen  
and more rampant, and all  
endeavors to encourage the  
followers of Christ put forth  
increased and systematic and  
colossal endeavors to encourage  
the followers of the devil. The  
distracted, lift up the fallen, and  
lend a hand!"

UNIQUE.  
PROVERBS IN  
RHYMED VERSE.

LOS ANGELES RABBI PERFORMS  
RARE LITERARY FEAT.

Translates Wise Sayings of Solomon  
from Masoretic Text Into English,  
Preserving Literal Meaning and  
Lending Charm to Work—Will  
Attract Attention of Scholars.

The translation of the Proverbs  
of Solomon from the Masoretic text  
of Hebrew into English verse is the  
remarkable literary feat which Rabbi  
Isidore Myers of Los Angeles has  
recently completed. The Proverbs have  
been translated into English blank

verse by others in several well-known  
instances, but Dr. Myers has put his  
translation into rhymed verse and  
has, at the same time, preserved the  
literal meaning of the text. So far  
as known, this has never been accom-  
plished by any other man.

The performance is the more valuable  
because the translator has gone  
direct to the Masoretic text and not  
to the Septuagint, the Syriac or other  
versions of the Bible. The Hebrew or  
Masoretic text has been carefully  
and reverently preserved by the Jews  
through many centuries, the word  
"Masoretic" meaning the "fixed tradi-  
tional text." The work of Rabbi Myers  
is destined to attract the attention  
of scholars the world over, not  
only because he is well known among  
scholars, but because of the originality  
and ingenuity of this performance.  
It is also likely that the work, when  
published, will become popular. The  
Bible itself is still the best selling  
book in the world, and it is natural  
that there will be general interest in  
an edition of the Proverbs in smooth,  
musical English rhymed verse with-  
out the literal meaning having been  
lost in the least.

To give an idea of the remarkable  
facility with which the translator has  
clung to the text, and the dexterity  
with which he has turned it into verse,  
the following specimens from Chapter  
15 of the Proverbs are reproduced:  
"Wisdom than gold, tis better to at-  
tain.  
Rather than silver, understanding  
gain.  
"Like honeycombs are words of pleas-  
ant tongue,  
Sweet to the soul and healing to the  
bones.  
"He that is slow to anger is, by far,  
Better than even mighty heroes are;  
And he that doth control his spirit  
well,  
A conqueror of a city doth excel."

group of prominent men who had

part in the ceremonies, including

Bishop Conaty, William Rowland

and others.

PUENTE'S NEW CHURCH.

Bishop Conaty Dedicates Building and

Many Catholics of Surrounding

Region Attend.

The dedication of St. Joseph's Cath-  
olic Church at Puente by Bishop Conaty  
yesterday, brought a large attend-  
ance of Catholics from the surround-  
ing region, and the handsome little  
church was filled to overflowing.

The dedication occurred at high mass  
which was sung by Father Leo Garia-  
dor, temporary pastor of the Puente  
Church, who will be also pastor of the  
new church. Rev. F. Palmer and  
Father Lidephoe assisted in the mass,  
and an eloquent sermon was preached  
by Bishop Conaty.

The music for the dedication was in  
charge of Father Thomas Faber, pas-  
tor of St. Agnes' Church, who presided  
at the organ. Perossi's mass was sung  
by a quartette from St. Agnes' choir.

After the dedication, a dinner in  
honor of the bishop and the visiting  
clergy was served at the home of E.  
Ramirez. The church trustees, George  
E. Cross, L. Didier, A. Ferrero, Wil-  
liam Rowland and Joseph Sidart, also  
were guests.

PATIENT A LEPER.

Frederic Ortega, a Mexican, 23 years

old, was taken to the County Hospi-  
tal Saturday afternoon, suffering  
with an inoperable leprosy in the  
cutaneous form. His case was diagnosed  
by Drs. D. C. Barber and John M.  
Dunsmuir at the county institution  
and he was isolated in the leper col-  
ony, with two other patients. Ortega  
came to Los Angeles about a month  
ago from Hermosillo, Mex., where he  
contracted the disease. Ortega says  
that he did not feel any ill effects  
from the disease until he came here.

"LIFTED" OVERCOAT.

W. A. Wright was arrested yesterday

on the charge of stealing an overcoat  
from his friend, Sam Dow, No. 546  
South San Pedro street. Wright had  
pawed the garment for \$2.25, and was  
arrested just as he had intended  
to keep it just long enough to tide him  
over till he could find work.

Distance Sounds Are Heard.

Prof. Dolbear of Tufts College has

found that at 60 dec. Fahr., the rate of  
the chirp of crickets is eighty a min-  
ute; at 70 dec. Fahr., the rate is 125  
a minute, a change of four chirps a  
minute for each change of one degree.  
Prof. Dolbear also notes that the in-  
dividual crickets chirping by them-  
selves observe no great regularity, but  
in chorus they keep in time as if led  
by the wand of a conductor. Again,  
the professor asserts that crickets in  
adjoining fields, preserving the same  
rate a minute, will follow different  
beats as of their respective conductors,  
"as one may easily perceive by listen-  
ing."

HAD QUIT WORK.

READY TO GIVE UP IN DESPAIR

Restored to Health By Vinol

"I was sick, run-down and finally

had to give up work. After trying  
a number of remedies and several phy-  
sicians, I was just about ready to give  
up in despair. I saw Vinol ad-  
vertised and decided to try it,  
and it has done more good for me  
than all other means combined. It  
has built me up and restored my  
strength until I now feel twenty years  
younger, and am able to attend to my  
work again as usual." Job Jaevons,  
1022 Lind street, Westland, W. Va.

The reason Vinol is so successful in  
such cases is because it contains tonic  
iron and all of the strengthening  
blood-making and body-building ele-  
ments of cod liver oil, but no oil.  
Vinol is unexcelled as a strength  
creator for old people, delicate children,  
weak, run-down persons, and after  
sickness—and is the best known remedy  
for coughs, colds and bronchitis.  
We return your money if Vinol fails  
to give satisfaction.

### Trained Nurse Offers Cure for Constipation

"What in the world can I do for my three children, who, it seems, have inherited costiveness and all its evils, such as vomiting, stomach-ache, head-aches, dullness, languor, fever and thinness of flesh? I have tried dieting and breakfast foods, fruits and patent medi-

This mother voices the experience of thousands.

A trained nurse and well-known matron of one of our largest eastern hospitals offers the following as the best and most reliable harmless remedy

Just go to any well-stocked drug store and get "one ounce aromatic fluid cascara," "one ounce compound essence cardiol," and "two ounces aromatic syrup rhubarb." Mix all in a bottle, shake, and adults take from  $\frac{1}{4}$  to 2 teaspoonfuls after each meal, while children gleefully take from five drops to a teaspoonful, according to age. Use this freely whenever occasion demands.

*Them in a Class.*

---

*Warns Girls Against Impudent  
Story Telling.*

---

Women who tell improper stories,  
smoke cigarettes and use liquor are

as being in the advanced class of singers, yesterday afternoon. It was a meeting for women only, and the evangelist spoke pretty plainly to her.

don't suppose there are many here afternoons who indulge in any of these voices," he said. "Women who brave the rain to hear the good news of Jesus Christ are generally on the right side. But a lady asked me one day night to speak especially of the awful habit of telling immoral stories. She said that at the establishment where she is employed, many of the girls delight to tell their friends

"I was sitting in the car at the airport when I saw a man in a suit and tie, looking very nervous, standing next to a woman who was crying. I asked him what was wrong, and he told me that his wife had just told him that she was leaving him. I felt very sorry for him, and I decided to help him. I gave him some money and told him to go home and think about his life. I was very happy to see him go, and I felt that I had done a good deed.

"The Awfulness of Sin." "Foolishness about sin," said Dr. Torrey. "It is no joke. There is nothing funny about it. Yet how many take that habit as well as the boys."

SIN NOT A JOKE.

The subject of the afternoon sermon was "The Awfulness of Sin." "Foolishness about sin," said Dr. Torrey. "It is no joke. There is nothing funny about it. Yet how many take that

of sin; how many regard it as nothing to furnish the point of my story. It is far worse than who laughs at the funeral procession. To mock at death is nothing compared with mocking at sin. Sin is the most appalling thing in the universe. Several years ago upon the Sydney, Australia, I was told the plague had broken out there and was much terror, yet in all were not over 100 deaths. In the same city thousands were dying from the effects of sin, yet no one

view of sin is to be discredited. The speaker declared that the smallest man the greatest amount of physical evil. He illustrated his point by example of a maimed soldier. Somewhere pitied him for the loss of his arm. He was told that the soldier had remained at his post of duty and been what man is not to be pitied," said Torrey. "A man should be willing to lose both arms. A man whose legs or eyes he would not give up."

NOT TO BE PITIED.

A beautiful young woman was once found on a slab at the morgue. She had died the effects of starvation. But she was not to be pitied, for she had yielded to death rather than yield to the blandishments of rich men who had seduced her. Better to die a thousand deaths than live a life of sin."

The speaker defined sin as rebellion against God. He said that even if a man felt sorrow for telling a lie,

did not end it, for the lie was  
 act of rebellion against God. He  
 rebuked the tendency of some  
 to tell improper stories.  
 You may say that you are ashamed  
 you told the story. You have pol-  
 your lips and also gave wrong  
 testimony perhaps to others. You  
 also rebelled against God. Un-  
 less and gossip come within the  
 category.  
 n is also awful because it blinds  
 It puts out the eyes of the soul.  
 me across a magazine published

that no other edition of the magazine was printed. I will not give it up.

causes much misery in the  
This world is far from being

ing about poverty.

Sin also causes misery in the world no hell. Sin nailed Jesus Christ to a cross. Let us renounce all sin and declare eternal war on it."

FOR MEN ONLY.

Last night the meeting in the big terrace was for men only, and about 100 heard Dr. Torrey's address. He took his text from Proverbs xiv. 9: "The righteous make a mock at sin; but among the fools there is favor."

The evangelist did not mince mat-

Queens Who Smoke.

Although we are living in a latitudinarian age, there is still a marked prejudice against women smoking. The prejudice does not reach, however, to royalty, and most of the Queens and Emperesses of Europe are devotees of the weed. The Dowager Empress of Russia smokes an enormous number of cigarettes a day, and the Carlina also finds the habit soothing to her nerves after they have removed the victims of the latest bomb throwing.

## NEW EDIFICE IS DEDICATED.

**Altadena Methodist Church Formally Opened.**

**Thanksgiving Dinners Will Be Given Needy.**

**Eleven Churches Will Take Part in Shop.**

Office of The Times, No. 28 S. Raymond Ave.

PASADENA, Nov. 11.—With impressive services the Altadena Methodist Church was dedicated yesterday afternoon. Rev. Matthew Hughes, pastor of the First Methodist Church of this city, preached the sermon. He spoke of the bright outlook and assured the congregation of the support of the stronger churches of Southern California. Rev. F. H. Chase, pastor of the Church, Rev. F. D. Mather of the Lincoln Avenue Methodist Church, Rev. F. G. H. Stevens of the Lake Avenue Methodist Church, and Rev. W. E. Dodge of the Lake Avenue Presbyterian Mission were among those present. Mrs. Lewis Mitchell, wife of the pastor, who five years ago founded the mission out of which the church grew, also attended. She not only has given a memorial window in the new building, but also assisted in raising the debt of the church. Over \$1400 was raised at the service, so that the church was dedicated free from debt. Since its formation five years ago the congregation has had a hard struggle against odds. At first the meetings were held in the Schumann barn. Later a schoolhouse was built on the property given the church by Col. G. G. Green, with the understanding that it was to be used on Sunday for service. The Methodist held their meetings there until last September. From that date until yesterday morning the church was in the basement of the present building, the first regular service being held in the new church proper yesterday morning. The building is a frame structure, built on plain lines, but is practical for church use. It cost \$1000. The land was partly donated by Col. Green, who has been one of the largest patrons of the church.

**THANKSGIVING DINNERS.** This morning the leaders in the Good Samaritan Society will begin active preparation for Thanksgiving and by tomorrow afternoon expect to have their headquarters open in the First Methodist Church. There clothing, all kinds of fruits and vegetables and canned goods will be received, sorted and distributed.

About fifty-five baskets are generally sent out to the needy. There are more this year who are in want of help and the society is looking for larger donations to meet the increased demand.

The Thanksgiving union service will be held at 10 o'clock, not 10:30, on Thursday morning at the First Christian Church. Rev. Matthew Hughes, pastor of the First Methodist Church, will have charge of the service.

**HOTEL PROSPECTS.** Over-optimistic is what Manager Linnard of Hotel Maryland is afraid some of the "boomers" of Southern California will grow, so good is the outlook for the hotel. While rejoicing at the outlook and at the fact that the hotel now has more guests than at this time last year, he warns all not to grow too optimistic. He says that if the report reaches the East that we are to have a breaking season, many who would otherwise come here for the winter will be elsewhere in fear of being crowded out.

**CHRISTMAS SHOP.** The "Christmas Shop" to be conducted by the churches and congregations of Pasadena, from November 20 to December 5, at Victor March's store on South Raymond avenue, will be operated on strict business principles. There will be a general manager, an assistant manager with department managers, saleswomen, cashiers, cash girls, bundle wrappers, floor walkers and auditors to take charge of the receipts. The shop will be staffed by the latter can keep track of the sales of the articles furnished by each of the churches and organizations, so that they may receive due credit.

The general expenses will be divided among the organizations, each to contribute its proportion of the gross receipts to the general expense fund. Purchasers will not know from which church they are buying, even the saleswomen themselves being ignorant of the source of the articles. Each article will bear the mark of the organization to which it belongs, but only the members of the stock of churches and organizations, these signs. This will obviate any chance of favoritism being shown to any organization.

The general manager is Mrs. F. F. Rowland. She is assisted by Mrs. William F. Knight, assistant manager, and an advisory board composed of Mrs. J. Dawson Thomson, Mrs. William Stanton, Miss Louise Barber, Mrs. E. M. Dowling, Miss Ruth Green and Mrs. C. C. Perkins. The treasurer is Mrs. William Stanton and Miss Ruth Green is secretary.

Mrs. E. D. Berry is chairman of the Advertising Committee, which is composed of Mrs. Floyd Thayer, Mrs. C. Perkins, and Miss Marjorie Sinclair.

There will be twelve departments as follows: Fancy goods, Mrs. H. I. Stuart, manager; bags, Miss Maude L. Morrison, manager; doll table, Miss Allen, manager; aprons, Mrs. Vandenberg, manager; babies and children's table, Mrs. D. S. Bryant, manager; rugs, Mrs. Rosenbaum, manager; art services, Mrs. Hyan, manager; domestic table, Mrs. Floyd Thayer, manager; cake, Mrs. Davis, manager; baskets, basket and flower table, Mrs. Emily Macy, manager; candy table, Mrs. Lutz, manager. There will be a team in charge of Mrs. Linnard, where tea will be served by young ladies in Japanese costume.

The "Christmas Shop" will open at 2 o'clock on the afternoon of November 20, and will close on the evening of December 5.

**STAR DAY SUCCESSFUL.**

Pasadena, as usual, showed its interest in practical philanthropy by its star day, which was held at the Little Bethel Methodist church Saturday, to the number of about 7000. This means \$700 for the civil and religious work of Bethel. The Los Angeles. Many young people, prominent in school, church and social circles, will be in the office and stores, as well as on the street, and seldom was a star refused. It is planned to appear at the various Sunday-schools and missionary societies for help for Bethel. In order that the sum to be raised may be increased. It is reported from Los Angeles that the work here was the best organized and carried out in any place outside of Los Angeles.

At the meeting of the Shakespeare

Club, Saturday afternoon, attended by over 300 women, a movement was started to secure for Pasadena an ordinance which shall compel the furnishing of rooms and houses which have been recently occupied by tubercular patients. The matter was introduced by Mrs. Revel English, followed by a resolution brought forward by the City-Committee which is already endorsed by the leading physicians of the city. As soon as possible the resolution and ordinance will be introduced and presented, reinforced by the endorsement of the doctors.

The programme of the afternoon was in charge of the Philanthropic Committee, a new department of club work. Mrs. Anna M. Luckey, chairman; Mrs. W. L. Zull, Miss Mary A. Stewart, who introduced in happy fashion, the speakers Mrs. Martha Lathrop, and Mrs. Revel English. The leading charities of the city were represented, and because of its being Bethlehem Star Day, that philanthropy was included. In happy contrast to the inevitable touch of sadness connected with charity work with its many calls for assistance, was the recital of his own daughter, Mrs. Helen Elliott Bandini, spoke of the splendid work of the Children's Training School, and the continued interest. Practically every woman present had on the office hat and tie stars, which were sold during the high school girls at the door. Miss Revel English sang charmingly.

**HIGH BALL VISIONS.** Hotel Vista del Arroyo and bungalows, Pasadena. See Phelps for fine wall paper. Wadsworth sells paint. Pasadena Graduate Nurse Club. Thanksgiving Bazaar. Fruits, nuts, jellies, cakes and pies. Beautiful nurse. Pasadena Society. Mrs. Helen Elliott Bandini spoke of the splendid work of the Children's Training School, and the continued interest. Practically every woman present had on the office hat and tie stars, which were sold during the high school girls at the door. Miss Revel English sang charmingly.

**PETITIONS FIND MUCH SUPPORT.**

**LONG BEACH CITIZENS FAVOR BEACH LICENSES.**

**Closing of Virginia and Loss of Several Thousand Dollars Monthly Make Some of Them Look at Intoxicants With Less Averse Eye—Opinion Also Develops.**

LONG BEACH, Nov. 11.—The petitions which have been sent to the Council to submit to the voters a modification of the liquor provision by which the Pasadena plan of table service may be put in operation, now have nearly 600 signatures. The advocates hope to be able to submit the petitions to the Council tomorrow morning. Under the terms of the Pasadena plan, the voters at the last municipal election must sign and indicate that this will be their wish. The closing of Hotel Virginia and the loss of several thousand dollars monthly to the merchants has been a great factor in changing the opinions of many who have heretofore opposed any change in the liquor laws.

Before an audience of 2000 people, Dr. Ervin S. Chapman of the Anti-Saloon League addressed a meeting of the Long Beach citizens at the "Perils of Hotel Liquor Selling." He said the move should be fought to a finish. The cause of the Long Beach citizens accepted the resignation of S. F. Barker as City Attorney last night. Fred A. Knight is appointed to succeed him at a salary of \$50 a month. This is more than was allowed Barker. The cause of the Long Beach citizens accepted the resignation of S. F. Barker as City Attorney last night. Fred A. Knight is appointed to succeed him at a salary of \$50 a month. This is more than was allowed Barker.

**ELABORATE PREPARATIONS.** Elaborate preparations are being made for the annual banquet of the local lodge of Fraternal Brotherhood, which will be held at the Hotel Palomares, month at Hotel Palomares. The lodge is very popular here and now has a membership of over 200. Supreme President "Foolish" Jones has been elected to the position of local officers will be guests of honor.

W. S. Wilson, who has recently come to Los Angeles, has been elected to the position of local officers will be guests of honor. W. S. Wilson, who has recently come to Los Angeles, has been elected to the position of local officers will be guests of honor. W. S. Wilson, who has recently come to Los Angeles, has been elected to the position of local officers will be guests of honor.

**MOVING EYESORS.**

Work is well under way in the tearing down of the row of old buildings for so long an eye sore at the southeast corner of First and Thomas streets. The building is being demolished by the city. The work is being done by the city. The work is being done by the city.

**SOUTH PASADENA.**

SOUTH PASADENA, Nov. 11.—Charles Warren, who was arrested last week charged with forgery by F. B. Mackin, one of the owners of the Warren, will have his preliminary examination tomorrow morning at 10 o'clock before Justice Klamath of Pasadena.

R. H. Postal, City Engineer, has been at Sacramento the past week attending the convention of the California League of Municipalities.

This was a special day for the Bible school of the Christian Church. There was a rally in the morning with special features and boys' and girls' rally in the evening.

Miss Genevieve Tulloch of Goshen, Ind., will spend the winter with relatives in Southern California.

Miss Frances Powell of Minneapolis has arrived here and will make her home at 1000 North Main street.

Mrs. W. N. Tiffany, whose husband recently died, has taken a place on Brent avenue, has been engaged as first soprano in the First Presbyterian Church, Pasadena.

Miss Edna Lowrey of Long Beach, who has been visiting relatives in this city for the past week, has returned home.

**FOR LOSS OF APPETITE.**

## FOR THANKSGIVING. MANY CLERGY TO TAKE PART.

**UNION SERVICE WILL BE HELD AT POMONA, THURSDAY.**

Principal Sermon Will Be Delivered by Newly-Arrived Pastor of Trinity Methodist Church—Water System to Be Improved for Fire Protection.

POMONA, Nov. 11.—The local committee has completed all arrangements for the annual Thanksgiving services which this year will be held at the First Baptist Church, at the corner of Fourth and Park avenues. The invocation will be given by Rev. George Edmund Roper of Pilgrim Congregational Church, who is the present pastor of Trinity Methodist Church. Water System to Be Improved for Fire Protection. The committee has also arranged for a union service to be held at the First Baptist Church, at the corner of Fourth and Park avenues. The invocation will be given by Rev. George Edmund Roper of Pilgrim Congregational Church, who is the present pastor of Trinity Methodist Church. Water System to Be Improved for Fire Protection.

**BETTER FIRE PROTECTION.** It is the opinion of local business men as indicated by ready responses to a petition which has been circulated, that the new high pressure pipe line for fire protection purposes, which has been needed for a long time. The local water company proposed to install a new high pressure pipe line, which would cover the entire city. The petition, which was signed by many business men, is being circulated. The petition, which was signed by many business men, is being circulated.

**THREE FUNERALS.** The funeral of the late William A. Bell was held at J. E. Patterson's chapel, 2222 East Second street, this morning at 10 o'clock. Rev. E. J. Roper of Pilgrim Congregational Church officiating. The remains were taken to Pasadena for burial. The funeral of the late William A. Bell was held at J. E. Patterson's chapel, 2222 East Second street, this morning at 10 o'clock. Rev. E. J. Roper of Pilgrim Congregational Church officiating. The remains were taken to Pasadena for burial.

**Has Bigger Pull Than Politician.**  
Southern Pacific engine No. 2791, which hauls over one million feet of lumber out of San Pedro daily.

**CONGRATULATIONS. POWERFUL. ENGINE HAULS ENORMOUS LOAD.**

**PULLS A HALF-MILE TRAIN OF LUMBER DAILY.**

Big Engine Eight-Drive Wheeler Takes Out of San Pedro Every Twenty-four Hours Million Feet of Lumber—Small Lever Controls Over Two Thousand Tons.

SAN PEDRO, Nov. 11.—Each day a trainload of lumber nearly one-half mile in length leaves San Pedro over the Southern Pacific for shipment to consumers throughout Southern California, the Western States and Territories and Mexico. So enormous has this business become that an eight-drive wheel engine, No. 2791, one of the largest on the Pacific system, is utilized for pulling the loads. Day before yesterday this monster engine left San Pedro pulling fifty-six cars of lumber in charge of Conductor Gilbert and Engineer Cram. The total weight of the train was 4,500,000 pounds, and it was over 200 feet in length. The cars carried 1,100,000 feet of lumber valued at \$2,500. Simply by touching a small lever in the engine connecting the wheels, Engineer Cram was able to control perfectly this half-mile of woodstuffs with the enormous weight.

Althouse Bros., real estate, 420 S. Broadway.

**LETTERS ANNOY.**

Anonymous Communications Received by Business Men of Avalon Interfered in Closed Port.

ANALON, Nov. 11.—Much feeling is manifest here against the sender of anonymous communications which have been received by business men and property holders of this place. Interested in the petition filed some days ago to make Avalon a closed port. Though mailed in the city, it is believed that the letters were sent from the seacoast town. Said a recipient of one of these letters: "We property holders are not asking the supervisors to revert the roads back to the Banning Company, but back to the people of this place. Already the Banning Company has expressed its willingness to allow the committee, which will be appointed, to have full control of the roads, amusements and other improvements which the committee proposes. The petition which was presented to the Banning Company by the business men was drawn up at the suggestion of the people whose interests are at stake. It is a simple matter. If I have fought the company here for so long, I will fight it there. But if this proposition, which has been placed for the consideration of the Banning Company, is accepted, I shall feel justified in extending my business here. The agreement, if it is accepted, will be canceled, and the roads will again revert back to the county of Los Angeles if it chooses to accept them."

About twenty letters have been received. All are signed: "From One Who Knows."

**SEA SETTLES DOWN.**

Becomes Quiet and Settles Before Daring Serious Damage to Ocean Park City Pier.

OCEAN PARK, Nov. 11.—The sea was low and calm today, having quieted down without doing serious damage to the city's pier at the foot of Center street. Several of the piles at the ocean end of the pier were washed away and the outfall pipe, the septic tank of the sewer system was demolished at the point of discharge, but the damage will be repaired at the outfall of a few dollars. George Freeth, while attempting to haul some of the loose timbers ashore, fell through an opening in the floor of the pier and sustained an injury to his ankle. There were no other accidents.

**OPPOSE PATCHWORK.**

It is expected the Lake street improvement will be the subject of consideration when the City Trustees meet tomorrow night. Property owners allege that the work has not been done according to specifications, and it is to be their contention that any system of patchwork that may be attempted will not mend matters. Payment will be refused until the work is done according to specifications, and it is to be their contention that any system of patchwork that may be attempted will not mend matters.

**HOLLYWOOD.**

HOLLYWOOD, Nov. 11.—The home of Mrs. C. C. Crover was saddened yesterday by the formal opening of the death in Manila of her husband, a large shoe manufacturer of that place. Mrs. Crover, the widow of a former actor and a former member of the Hollywood School and college athletes of Southern California, is a widow. The former, with his mother, expected to join Mr. Brower in Manila about Christmas. He was in Manila about Christmas. He was in Manila about Christmas.

The funeral of the late William A. Bell was held at J. E. Patterson's chapel, 2222 East Second street, this morning at 10 o'clock. Rev. E. J. Roper of Pilgrim Congregational Church officiating. The remains were taken to Pasadena for burial.

NEW DISCOVERIES MADE REGARDING DEVELOPMENTS IN THE LIFE OF PLANTS AND ANIMALS.

[Technical World.] Some time ago an English scientist, Mr. W. Beach Thomas, contributed to the English press an article on Mendel's great discovery concerning heredity in plant and animal life. "The scientific world," he said, "is on the point of giving up the old theories of heredity, and is turning to a new one, which is based on the fact that heredity is a definite proportion of the offspring of all generations after the first."

When the tall variety of sweet pea is crossed with the short variety of sweet pea, the result is a medium height. The tallness is the dominant quality over shortness, which is called recessive. But in the second generation it is found that just one-quarter of the offspring are tall, and the rest are short. When crossed with dwarf will never again show signs of tallness. The dwarf, without any reversion, and when crossed with dwarf will never again show signs of tallness. The dwarf, without any reversion, and when crossed with dwarf will never again show signs of tallness.

**CAUCUS A BOSTON WORD.**

Is Found in the Diary of John Adams About a Century and Half Ago as a Club's Name.

[Exchange.] The word caucus originated in Boston. According to a common account it is a corruption of "walkers' meeting," a term which has been applied in derision by the Tories to meetings of citizens, among whom were caulkers and ropemakers, held to protest against the aggression of the royal troops, and especially against the "Boston massacre" of March 1770.
